

# Fiona

Princess Fiona is not your typical damsel in distress. She's smart, tough, and has been known to dropkick a band of outlaws. She also happens to be an ogre. After falling victim to a magical enchantment as a small girl, the beautiful Princess Fiona was sent by her parents to a far-off tower to await rescue by a handsome prince. When her rescuer turned out to be a green ogre called Shrek, feisty Fiona realized that she no longer had to hide her secret. As the pair fell in love, Fiona learned to be true to herself. Having met the love of her life, Fiona has abandoned her former fairytale fantasies. She inspires the other princesses to do the same, helping each one to find their own inner strength.
